On August 24, 2006, August 28, 2006, August 30, 2006, and September 8, 2006, the Staff of the Illinois Commerce Commission, New Berlin Township, the Norfolk Southern Railway Company ("Company"), and the Illinois Department of Transportation ("IDOT"), respectively, executed the Stipulated Agreement 1226 according to the provisions of Section 18c-7401 of the Illinois Commercial Transportation Law. The Stipulated Agreement, which is appended hereto, provides for safety improvements at the Bates Road (TR 88) and Patton School Road (TR 68A) highway-rail grade crossings of the Company's track, near Bates, Sangamon County, designated as crossings AAR/DOT #479 360Y, railroad milepost 427.47-WC and AAR/DOT #479 362M, railroad milepost 428.71-WC, respectively. Stipulated Agreement 1226 contains estimates of cost to accomplish the improvements and a division of cost among the parties.

The Commission, having given due consideration to the Stipulated Agreement, finds that:

- (3) The parties agree that in the interest of public safety the improvements as set forth in Section 2 of the Stipulated Agreement, appended hereto should be performed;

- (4) The cost for the proposed improvements should be divided among the parties and the Grade Crossing Protection Fund of the Motor Fuel Tax Law, in accordance with the Law;
- (5) It is fair and reasonable that the Secretary of the Illinois Department of Transportation through the Grade Crossing Protection Fund of the Motor Fuel Tax Law, New Berlin Township, and the Norfolk Southern Railway Company be directed to pay their respective portions of the actual cost of the proposed improvements as set forth in Section 5 of the Stipulated Agreement, appended hereto;
- (6) Public Act 93-0604 (effective November 21, 2003), which amends 625 ILCS 18c-7401 (Safety Requirements for Track, Facilities, and Equipment), requires installation of temporary STOP signs at Patton School Road (TR 68A), or whenever the Commission authorizes the installation of automatic flashing light signals and gates at public highway-rail grade crossings that presently don't have gates. The temporary STOP signs at Patton School Road shall remain in place until the luminous flashing signal or crossing gate devices have been installed. The rail carrier is responsible for the cost of the installation and subsequent maintenance of any required temporary STOP signs.
- (7) 625 ILCS 5/18c-1701 and 1704 require each "person", as defined by Section 18c-1104, to comply with every regulation or order of the Commission. These sections further provide that any person who fails to comply with a Commission regulation or order shall forfeit to the state not more than \$1,000 for each such failure, with each day's continuance of the violation being considered a separate offense. While the Commission expects all parties to comply with this Order in all matters addressed herein and in a timely manner, the Commission advises that any failure to comply may result in the assessment of such sanctions.
- (8) Any person making a Request for an Extension of Time up to 30 days to complete a project ordered by the Commission must file a request with the Director of Processing and Information no later than 14 days in advance of the scheduled deadline. An Administrative Law Judge will consider and decide the request.
- (9) Any person making a Request for an Extension of Time that exceeds 30 days must file a Petition for Supplemental Order with the Director of Processing and Information no later than 21 days in advance of the scheduled deadline. The Commission will decide Petitions for Supplemental Orders.
- (10) Requests for Extension of Time and Petitions for Supplemental Orders must include the reason(s) the additional time is needed to complete the work and the time within which the project will be completed. Prior to submitting a

Request for Extension of Time or a Petition for Supplemental Order, the person must notify the Commission's Rail Safety Program Administrator that it is unable to complete the project within the ordered timeframe.
